

Australia's newest conference for accredited, onsite aged care and GP pharmacists leading patient-centred care.

SUPPORTER OPPORTUNITIES!

The countdown has officially begun to Australia's newest conference for accredited, onsite aged care and GP pharmacists leading patient-centred care, [PharmCare 2023, to be held 2-4 March next year in Tasmania](#).

[SHPA's new PharmCare Conference](#) is about improving communications, connections and care, centralising the patient experience through the practice of accredited, onsite and General Practice pharmacists. **Learn the latest from leaders in the field** – and grow new networks among expert peers – in picturesque Hobart, 2-4 March 2023.

Our invited specialists will bring [powerful insights from the cutting-edge of practice](#) – illuminating pathways to onsite roles in residential aged care and at transitions of care – to foster collaboration and innovation at a time of unparalleled opportunity for pharmacists working to expand the boundaries of practice.
